

AEA's 2008/09 'Pilot's Guide to Avionics' Given to NBAA Attendees at No Charge

Free Pilot's Guides Available at AEA Booth No. 4205 During NBAA

ORLANDO, Fla. — The Aircraft Electronics Association's 2008/2009 edition of the *Pilot's Guide to Avionics* is a complimentary annual avionics publication, which is distributed during the NBAA Annual Meeting & Convention. The *Pilot's Guide* is available at no charge to pilots, avionics technicians, AEA members and attendees of NBAA's trade show.

The free *Pilot's Guide to Avionics* is a comprehensive buyer's guide featuring more than 175 color pages of the latest information and technologies for aircraft avionics. It also features a valuable consumers directory of certified avionics and instrument facilities, manufacturers and distributors throughout the world.

Jack J. Pelton, chairman, president and CEO of Cessna Aircraft Co., wrote the foreword for this year's *Pilot's Guide*.

To help pilots with their avionics buying decisions, some of the articles included in this year's edition of the *Pilot's Guide* are:

- Before & After: Cockpit Installations & Retrofits
- ADS-B: Today and Beyond
- Buyer's Guide: Multi-Function Displays
- New Product Introductions for 2008
- All About WAAS Upgrades
- Buyer's Guide: Weather Systems
- How to Communicate with Your Repair Shop
- A Pragmatic Approach to Buying Avionics

In addition to its free distribution during the NBAA Annual Meeting & Convention from Oct. 6-8, in Orlando, Fla., Booth No. 4205, the *Pilot's Guide* also will be distributed during the AOPA Expo from Nov. 6-8, in San Jose, Calif., Booth No. 815, as well as the AEA's West, Central, East, Canada and South Pacific regional meetings. The *Pilot's Guide* is distributed to all AEA members, National Association of Flight Instructors and flying clubs throughout the United States as well.

"The reporters for this year's Pilot's Guide have covered many of the issues pilots are asking us about, from WAAS upgrades to the future of ADS-B."

— **Trisha Drape, editor of the AEA's
*Pilot's Guide to Avionics.***

To receive a free *Pilot's Guide to Avionics*, pick up a copy at the AEA Booth No. 4205 during the NBAA's trade show.
