Mr. Richard A Peri
Vice President
Aircraft Electronics Association
Government & Industry Affairs
601 Pennsylvania Ave. NW
Suite 900, South Building
Washington, DC 20004

Dear Mr. Peri:

In reference to your letter, dated October 14, 2018, regarding NCATT Aircraft Electronics Technician (AET) certification and Title 14 Code of Federal Regulations (14 CFR) section 65.101(a)(5)(ii), the Aircraft Maintenance Division, General Aviation Branch, provides the following response.

ISSUE: You requested that the presentation of the NCATT AETs certification along with a minimum of one additional endorsement be acceptable to the Administrator to satisfy 14 CFR section 65.101 (a)(5)(ii) for the issuance of a repairman's certificate.

RESPONSE: After careful review of the NCATT AET certification and endorsement program, we find that these certifications demonstrate the technicians' knowledge base and will assess the competencies of the qualified individual. We agree that presentation of the NCATT AETs certification along with a minimum of one additional endorsement to meet the intent of the regulation stated in 14 CFR section 65.101 (a)(5)(ii) for the issuance of a repairman's certificate.

We appreciate the opportunity to assist you. If you have any additional questions regarding this letter, please contact the Aircraft Maintenance Division at (202) 267-1675.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jackie L. Black".

Jackie L. Black
Manager, Aircraft Maintenance Division
