#### Request Your FREE AEA Pilot's Guide

The AEA Pilot's Guide is a consumer's directory loaded with educational articles, timely information and data about the ever-changing world of avionics technologies. In addition to a complete directory of AEA-member government-certified repair stations, avionics manufacturers and distributors located in more than 40 countries, the publication features educational articles to help pilots and aircraft owners make better buying decisions. Individuals residing in the United States may request a free copy while supplies last. [More...](#)

#### AET Certification and Endorsement Exams Available for FREE at AEA Connect Conference in Daytona Beach

All attendees at the upcoming AEA Connect Conference in Daytona Beach (Nov. 4-5) will have the opportunity to take the Aircraft Electronics Technician certification and endorsement exams free of charge, a \$175 value, courtesy of the AEA Educational Foundation.

Advance your career and industry knowledge by earning a certification provided by ASTM's National Center for Aerospace & Transportation Technologies (NCATT). These certifications demonstrate the knowledge base of the advanced aerospace technician and promote integrity, safety, and professionalism in the aerospace workforce. The FAA formally recognizes the AET certification as equivalent to formal training when showing eligibility for the issuance of a repairman certificate. [More...](#)

### STANDARD BANNERS
